Thinking Written

MY RESUME SUMMARY

Dedicated graduate Architect with more than 4 years of experience. Highly-motivated employee with desire to take on new challenges. Hardworking employee with customer service, multitasking and time management abilities.

PROFESSIONAL EXPERIENCE

GRADUATE ARCHITECT AT DOMYSUMA ARCHITECTS

2022/2023 (July)

Roles assigned:-

Assisting in Design: by working closely with senior architects and project managers in the design phase of projects. This involved contributing to design ideas, creating concept sketches, preparing 3D models, and producing architectural drawings.

Responsible for drafting detailed plans, elevations, and sections for projects using CAD and other software including paying accuracy and attention to detail.

Project coordination tasks, such as attending meetings, taking notes, and maintaining project documentation. This ensures that everyone is up to date with the project's progress.

Research on building materials, construction methods, and building codes to ensure the design complies with regulations and industry standards.

Construction Administration: responsible for visiting the construction site, reviewing construction progress, and addressing any design-related issues that arise.

Team Collaboration: Collaborating with other members of the architectural team, such as engineers, interior designers, and landscape architects, is essential to ensure a cohesive and integrated design.

Client Interaction: opportunities to interact with clients, in order to understand their requirements, and present design solutions.

Code Compliance: responsible for understanding and applying local building codes and regulations to the designs to ensure projects meet legal requirements.

Creating visualizations and presentations to effectively communicate design ideas to clients and stakeholders is also part of the role.

GRADUATE PROJECT ARCHITECT

2021

LEADING ON DESIGNING AND CONSTRUCTING OF A 5 BEDROOM MAISONETTE, IN BUSIA COUNTY.

Conducting regular inspections to ensure that construction work is being carried out according to approved plans and specifications.

Monitoring construction progress and identifying any potential issues or deviations from the approved scope of work.

Coordinating with contractors, architects, engineers, and other stakeholders to address construction-related concerns promptly.

Documenting and maintaining accurate records of construction activities, including daily reports and progress updates.

Verifying that materials used on-site meet quality standards and are in compliance with project requirements.

Enforcing adherence to safety protocols and regulations to ensure a safe working environment.
